Digitally Compiled by JOHN MATOUSEK,
Motown/Hitsville U.S.A. Recording Studios, Hollywood, California.
Art Direction: JOHNNY LEE / Design: ANDY ENGEL
All tunes were previously released.

The Compact Disc Digital Audio System offers the best possible sound reproduction—on a small, convenient sound-carrier unit. The Compact Disc's remarkable performance is the result of a unique combination of digital playback with laser optics. For the best results, you should apply the same care in storing and handling the Compact Disc as with conventional records. No further cleaning will be necessary if the Compact Disc is always held by the edges and is replaced in its case directly after playing. Should the Compact Disc become soiled by fingerprints, dust or dirt, it can be wiped (always in a straight line, from center to edge) with a clean and lint-free, soft, dry cloth. No solvent or abrasive cleaner should ever be used on the disc. If you follow these suggestions, the Compact Disc will provide a lifetime of pure listening enjoyment.
